EDUCATION

Fresno State University

B.S., Computer Science

August 2017 - December 2023

Fresno, CA

- FSU Computer Science Club's Treasurer 2018 – 2019

PROJECTS

Personal Website

- Used the React.js library to implement my portfolio digitally.

Tools Used: React, HTML, CSS, Cloudflare

<https://github.com/jdofa/mywebportfolio>

License Plate Scanner

- Using the Waterfall Model, a website was built aiming to digitize the parking permit. I served as the front-end developer in this group project. I brought the Figma design of this website to life, ensuring that all requirements from our design documents were followed.

Tools Used: JavaScript, CSS, HTML, Figma, UML, SRS, SDD, Git, Waterfall Model, Firebase

https://github.com/150-lab2/License_Plate_Scanner

Checkers Game Website

- A website that allows users to create an account to play checkers locally or against a bot. Designed database schema and automated population for test data. Gained deeper knowledge in reading, updating, and deleting data from a database.

Tools Used: JavaScript, PHP, HTML, CSS, XAMPP (Apache and MySQL)

<https://github.com/jdofa/Checkers130>

SKILLS

Programming Languages: Python, C++, JavaScript

Front-End: HTML, CSS, React

Back-End: PHP, MySQL

Tools: GitHub, Git, Figma, Visual Studio, Docker, Adobe Photoshop, Amazon RDS, Cloudflare, Firebase

OS: Windows, Linux, macOS

LANGUGES

English - Native Proficiency.

Spanish - Native Proficiency.

WORK EXPERIENCE

Titan Distributors

General Labor

June 2022 – August 2022

Visalia, CA

- Rapidly promoted to warehouse picker to fulfill daily orders of titan product.
- Certified by company to drive a sit-down forklift and electric pallet jack.
- Started out unloading product from trucks by hand.
